Updated Android Controls

From the beginning of December 2025 Google is releasing new and updated parental controls for Android devices. These include:

- Set the amount of screen time that can be spent on a device each day to help establish healthy habits.
- Set downtime schedules to automatically lock the device at night to ensure restful sleep without distraction.
- Control app usage by limiting time spent on specific apps, or blocking apps entirely.
- Add more time by granting extra minutes when a time limit is reached, or to extend a scheduled break.

You can find further details about these updates on the Google blog [HERE](#) and Internet Matters have a handy Android guide for parents which you can find [HERE](#).
