- Monday 8th June: Nursery & Reception
- Monday 22nd June: Year 4 & Year 1
- Monday 29th June: Year 5
- Monday 13th July: Year 3

STUDENT LEADERSHIP

Our Student Council has been actively developing our Climate Action Plan while leading a whole-school "Switch Off" campaign to promote energy saving. This exciting initiative involves not only classrooms but also shared community areas, with staff fully supporting the effort. To encourage participation, a prize will be awarded at the end of the school year to the most eco-friendly class.

At the same time, our Anti-Bullying Ambassadors have been focusing on inclusion across the school. They recently marked World Down Syndrome Day with a successful Odd Socks Day, celebrating diversity and raising awareness. There are plenty more fun and inclusive initiatives planned for the coming terms, so watch this space!

BRITISH SCIENCE WEEK WINNER

A huge thank you to all our Timbercroft scientists who took part in the 'Curiosity' project!

We were blown away by the wonderful research, creative designs, and deep questioning on display. From investigating why Mars is red, which paper aeroplanes fly the best and how lights work to discovering which liquids prevent browning in food, your work truly challenged us to think differently about the world.

A special congratulations goes to our winner, Louis in 1A, who explored the vital theme of sustainability by creating an impressive wardrobe made entirely from recycled materials.

Well done, Louis!

ONLINE SAFETY

New YouTube Feature

One of the most common concerns from parents when it comes to YouTube is the lack of parental management features, in other words the videos their children can and should not see. Many parents spoken to don't know that there are features within both the main YouTube app and the YouTube Kids app.

Google have now released another feature, specifically this allows a parent to set up a Supervised Experience account on the parents device. This is important because many younger children will watch YouTube videos on their parents device, where it is likely there are no restrictions in place. So this new feature is a welcome addition.

To tie all these features together please see the following article explaining Supervised Experience (on the main YouTube app) and Parent Allowlisting (on the YouTube Kids app)

Ask-SEND parent/ carer
advice line for children
aged 2-5yrs with SEND

Ask-SEND is a reflective thinking space for parents and carers of children aged 2-5 years with special educational needs and disabilities. Families can book a telephone consultation to talk through concerns, ask questions, and explore next steps.

Calls are supported by an Educational Psychologist, Health Visiting SEND Specialist, and Special Educational Needs Coordinator (SENCo), offering advice, reassurance and signposting to appropriate service.

Scan the QR
code for the
sign-up form.
